

Dataset  
DDXPlus

Organ Systems

cardiovascular System

- atrial fibrillation
- myocarditis
- pericarditis
- psvt
- possible nstemi stemi
- stable angina
- unstable angina
- pulmonary embolism

Respiratory System

- acute copd exacerbation infection
- bronchiectasis
- bronchiolitis
- bronchitis
- bronchospasm acute asthma exacerbation
- pulmonary embolism
- pulmonary\_neoplasm
- spontaneous\_pneumothorax
- urti
- viral pharyngitis
- whooping cough
- acute laryngitis
- acute pulmonary edema
- croup
- larygospasm
- epiglottitis
- pneumonia

Gastrointestinal System

- gerd
- boerhaave syndrome
- pancreatic neoplasm
- scombroid food poisoning
- inguinal hernia

Neurological and Muscular System

- myasthenia gravis
- guillain barre syndrome
- cluster headache
- acute dystonic reactions

Disorders

Infectious Diseases

- tuberculosis
- hiv initial infection
- ebola
- influenza
- chagas
- acute otitis media
- acute rhinosinusitis
- allergic sinusitis
- chronic rhinosinusitis
- pneumonia

Autoimmune and Immunological Diseases

- sle
- sarcoidosis
- anaphylaxis
- allergic sinusitis

Hematological Disorders

- hematological disorders

Trauma and Injury

Trauma and Injury Related Conditions

- spontaneous rib fracture
- spontaneous pneumothorax
- inguinal hernia

Psychiatric and Psychological Conditions

Psychiatric and Stress Related Disorders

- panic attack
